CONNECT Day Habilitation *A Connection Between Home And Community*

In Your COMMUNITY

Iowa Focus is one of the largest providers of community based disability services in Iowa.

Community

Activities

Support

*Iowa Focus supports people to develop their own lifestyles based on **personal interests, integrated activities, and lifelong friendships.***

What we do

Iowa Focus works with you and your support team to develop a plan of service that helps you live successfully and connect with your community.

We integrate people into their communities by encouraging involvement and friendship.

We involve each individual in the planning and implementing of daily activities.

We encourage each individual to explore new ideas, activities, and goals during the day program.

We develop professional and friendly relationships with the people we support.

We volunteer in many activities for the community so that individuals may find meaning and worth in their environment.

We sponsor events and activities throughout the year for people we support, including picnics, parties, sporting groups, and trips to Adventureland.

SERVICES

Iowa Focus support staff work with you in your community. We provide individuals the opportunity to connect to the community during outings, events and activities within the adult day program and in the community. We strive to provide a meaningful program for adults looking to explore their personal interests, meet individual and group goals and volunteer within the community.

FUNDING SOURCES

Our services are funded through the ID Waiver and Private Pay.
